Police
No. 24-13

Sir,

I have the honor to state that the construction of a Police Out-post with Lines for men having been found absolutely necessary for the location of the Seshadripuram Police Out-post which is at present held in a private building, a reference was made to the Chief Engineer, who has sanctioned the work, as far back as 1909. Yet for want of a suitable site, the construction of the building has not yet been undertaken.

2. On the morning of the 16th instant, I inspected this extension with the Honorary President of the City Municipality and we both selected a Survey No. 44 of the Hanumanthapur village as the most suitable place for the construction of a Police Station with Lines. This site besides being central and commanding the traffic on all the roads passing in the locality is situated close to the Maharaja's Mills, enabling the Police to exercise a close watch over the Mill hands. The said field measures 4 acres and 18 guntas and stands in the name of Mr.K.N. Ramiah. If this field is acquir-

ed

(7

acquired it comes in handy for constructing any other Public buildings later on, as occasion arises.

3. I therefore request you to obtain early orders of Government in the matter of its acquisition and to issue needful orders to the Revenue authorities.

4. As no re-appropriation under any of the sanctioned heads of the Police Budget is possible, the cost of the acquisition may be met by the Public Works Department and included in the provision for the construction of buildings as is usually done.

I have the honor to be,

Sir,

Your most obedient servant,
